Dear Lorena --

Before we rush off for the holidays, I wanted to personally thank you. It's been four years since you first entrusted to me the opportunity to serve as your Controller and each day I am thankful.

I am very proud of the progress we've made. I was sworn in for a second term this year and got right to work, recommending a series of measures to address the proliferation of homeless encampments, worked to highlight how taxpayer dollars are being spent at city parks and called on the city to take a more dynamic, efficient approach to street sweeping.

All along, I've been guided by three words: Trust, Transparency and Transformation.

I'm energized by the work and opportunities that lay ahead. Our city has to become even more innovative to serve you better and we must work to ensure L.A.'s economy remains strong.

For now, I hope you find some time to relax this holiday season with family and loved ones.

On behalf of my family and the many dedicated people in the Controller's office, happy holidays and have a great new year!
